

Zeus Wilson

December 25, 2017 - April 15, 2024

I adopted Zeus at the beginning of 2020. He was diagnosed with FIV and the shelter that took him in could not find an adopter. When I saw his picture in a Facebook post, how could I have said no to that sweet orange furball? I had never had cats and was apprehensive about bringing one home. However, Zeus quickly made my home his own, and became my best bud over the last 4+ years. He loved tummy rubs, lap snuggles, and stationing himself at the front window. He was always at the front door ready to greet me and maybe beg for tuna. He was my sweet angel and will be deeply missed.
